

Space Science and Geospatial Institute

Introducing the SSGI's Regional Partnership Lead Executive Office

Addis Ababa, Ethiopia
January, 2024

About RP-LEO

The Regional Partnership Lead Executive Office(RP-LEO) is a department committed to seamlessly connecting the space and geospatial sector goals, fostering collaborative growth models with national, regional, and international industry players. Through strategic collaborations and partnerships, RP-LEO, in tandem with SSGI management and respective lead executives, strives to enhance performance, implement plans, and achieve major goals for the overall national development of Ethiopia.

WHAT WE DO

RP-LEO engages in a diverse range of activities focusing on:

Collaboration and Partnership:

- Facilitating strategic collaborations at national, regional, and international levels, including managing newly initiated partnerships
- Overseeing the signing of new Memoranda of Understanding (MOUs) and registering, monitoring and evaluating signed MOUs, along with tracking the progress of their implementations and documenting the entire process

Research and Development:

- Conduct research on Space Science and Geospatial Sectors focusing on policy and implementations, partnerships, opportunities and competitive advantages and gaps for continuous growth and regional integration

Coordination and Facilitation:

- Ensure effective coordination and facilitation for seamless operations of SSGI's engagements with partners, stakeholders, governmental, and nongovernmental organizations
- Support and coordinate national, regional, and international workshops, forums, and events within the space and geospatial sectors
- Coordinate and facilitate regional activities and projects hosted by SSGI

Capacity Building & Project Fundraising:

- Engaging in capacity building, and securing project funds for sustainable growth
- Develop revenue generation strategies, including the creation of grant proposals and fundraising initiatives for various projects, capacity building, and outreach activities

Internationalization, Promotion, and Branding:

- Ensure active participation and promotion in national, regional, continental, and international forums and events that strengthen and promote the internationalization of SSGI
- Promote SSGI both domestically and internationally to enhance its image and visibility

Strategic Advice, Guidance & Competency:

- Providing strategic advice, policy formation, and competency support for governmental institutions, including Foreign Affairs, ministries, and organizations in the space and geospatial industries
- Offering consultation to the government, suggesting collaboration areas, and identifying competent sectors for regional leadership
- Creating strategic documents to enhance regional integration

Visibility and Awareness Creation:

- Increasing awareness and visibility through targeted initiatives including radio shows, TV specials, coverages on social media platforms and different outreach activities

Provision and Dissemination of Information:

- Ensure timely provision and dissemination of relevant information in relation to RP-LEO activities.
- Produce and provide SSGI's partnership quarterly newsletter and branding materials

Youth Empowerment and Volunteers Engagement:

- Focusing on empowering youth and engaging volunteers for impactful initiatives

Coordinating East Africa Regional Office of Astronomy for Development (EA-ROAD) Activities:

- Carrying out activities related to the EA-ROAD

Partnerships:

Partnerships are forged with national, regional, and international institutes, universities, and stakeholders. The emphasis is on creating a collaborative network to drive collective growth.

Memorandum of Understanding (MOU):

MOU serves as a formal agreement outlining the terms and objectives of partnerships. It establishes a framework for collaboration, ensuring clarity and mutual benefits.

MoUs should include at least the following basic articles:

Article 1: Introduction/Background

Article 2: Institutional Profiles

Article 3: Definition of Terms

Article 4: Brief Description About The Partners

Article 5: Objectives

Article 6: Modalities of Partnership

Article 7: Settlement of Disputes

Article 8: Responsibilities and Obligations

Article 9: Confidentiality and Use of Information

Article 10: Funding

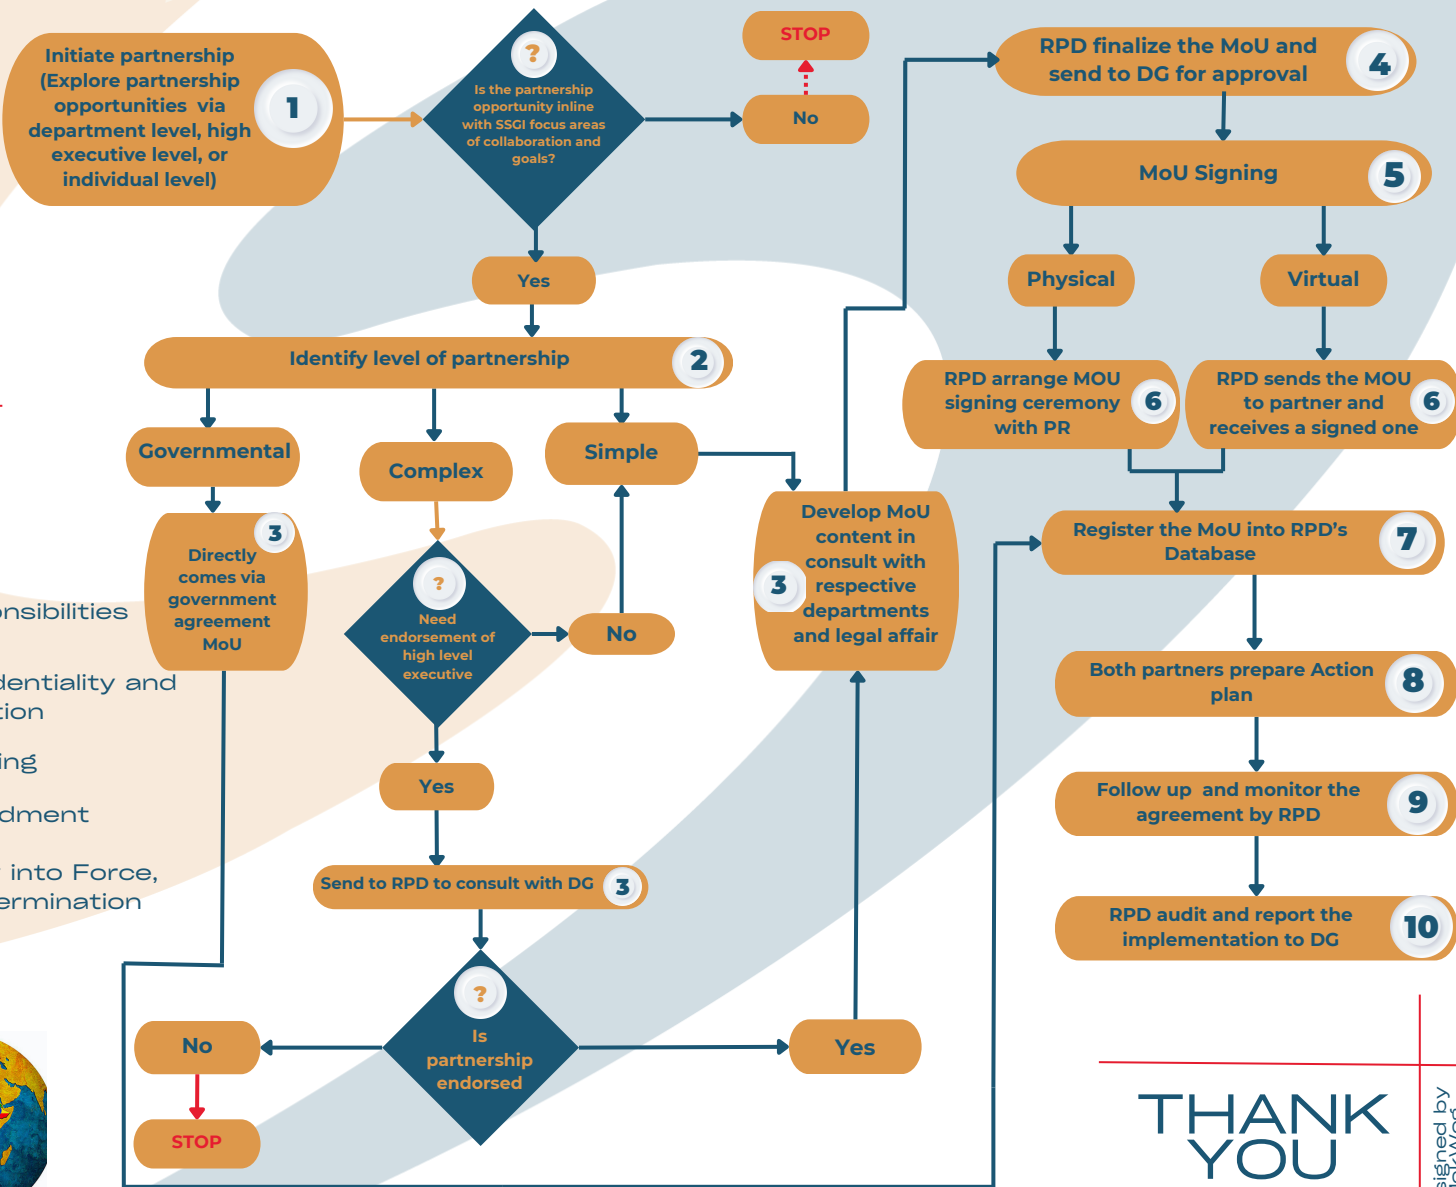

Article 11: Amendment

Article 12: Entry into Force, Duration and Termination

The Memorandum of Understanding (MoU) format, the comprehensive workflow and much more details will be available in the forthcoming partnership guideline to be released by RP-LEO

RP-LEO Workflow for Partnership Initiation to M.o.U Signing:

This structured and comprehensive approach defines the RP-LEO's commitment to fostering collaborations, driving innovation, and contributing to Ethiopia's national development via a centralized partnership management system.

THANK YOU
